

Exam File Name: KKI2009-23-DTI  
 Exam Header Name: kirby800a\_11\_1  
 Header Descriptiton: Magnetic Resonance  
 Slices: 65  
 Scan Resolution: 256, 256

filename: KKI2009-23-DTI  
 folder:

## Mid-Axial Slice Examples of Estimates

## Predicted Power for Two-sided T-test: black n=5; red n=15; blue n=30

## Fiber Direction Map: red left-right; green front-back; blue head-toe

## Check Vector Directions

Mid- Axial Slices

Anterior

Mid-Coronal Slices

Superior

### Author Comments:

- (1) Image proportions are NOT scaled by the voxel mm resolution.
- (2) This report assumes single Bo for SIMEX and bootstrap.
- (3) For details: <http://masi.vuse.vanderbilt.edu/index.php/QAServer>  
version date: June 2012 contact: bennett.landman@vanderbilt.edu
